2022-2023 Chrissy Bobb Community College STEM Scholarship Award

Who: This scholarship is for graduating high school seniors who have chosen to attend Baltimore County Community College, Carroll Community College, or Howard Community College before continuing their education at a four-year institution. This scholarship is to help pursue a STEM education followed by a career in Defense, Intelligence Community, or Homeland Security.

What: Each scholarship is to be applied towards the student’s academic education. Each scholarship will $2,500 each of two years of the degree program, totaling $5,000.00. This is for a full-time student.

Note: AFCEA CMD expects any student recipient of an AFCEA scholarship who also receives a full-ride scholarship to the school of their choice to let AFCEA know and to return their AFCEA scholarship for another applicant.

Criteria: Applicants must:

- Be an academically competitive, well-rounded, graduating high school senior or recently graduated (within two years) who volunteer in the community.
- Have attended a public high school in Baltimore, Carroll, or Howard Counties.
- Be pursuing a two-year Associate’s degree at one of the community colleges listed above.
- Be a U.S. Citizen.
- Have a cumulative high school GPA of at least 3.0 on a 4.0 scale.
- Plan to enter a field of study supportive of national defense (i.e., systems engineering; software engineering; math; cyber; information technology; electrical engineering; computer engineering; computer science; physics; mechanical engineering; or materials science; or engineering relating to IT, communications, or electronics) and can apply their studies directly to the Intelligence Community, homeland security, or national defense objectives.
- **Please note:** If you plan to pursue a degree in other sciences to include medicine (pre-med or nursing), law or pre-law, biology, environmental, or any form of engineering not listed in this section, you are unlikely to be considered for this scholarship. If you are unsure, please email scholarships@centralmd.afceachapters.org to clarify.
- Stay in a field of study supportive of national defense for each of the applicant’s two years and graduate.

Maintenance: Scholarship recipients must maintain a collegiate cumulative GPA of at least 3.0 to retain the scholarship for both years. Recipient may change majors provided the new major is a science and engineering field of study supportive of national defense as indicated above. Recipient must submit a transcript for review at the end of the school year with a status form (to be sent to the recipient in June) to report how their studies are progressing to be eligible to receive the next payment as the scholarship is paid out over two years.

Ceremonies: Scholarship recipients will be notified in late February/early March, 2023. The AFCEA Central Maryland Chapter will invite the recipient and their parents to an Awards Night event honoring them in early May, 2023.

See next page for application information – what is required and the link to access the application on line.

All interested students must submit their completed applications online by January 16, 2023.
APPLICATION: Student scholarship submissions must include all of the following: (Applicants will receive email from the Scholarship chair as materials are received. If applicant does not get an email, reach out to the email address above.)

1. A completed application form submitted online (https://afcea.eformsolutions.com) which includes general information about the applicant. (Sample application details the info to be submitted.)

2. Essay Section: Please answer each of the six short essays to help the evaluators understand more about who you are. Please note that some questions have multiple parts.
   A. Three of the most important traits to having a successful STEM career are creativity, determination, and leadership to solve real world problems. Explain how you have demonstrated these traits in your academic and/or extra-curricular activities. (up to 300 words).
   B. What is your ideal job after graduation and why? (up to 300 words)
   C. Tell us about an event or a person in your chosen career field that you admire and why (up to 300 words)
   D. Why are you pursuing a STEM education? (up to 300 words)
   E. Discuss your personal experiences with diversity, equity, and inclusion (up to 300 words)
   F. Describe a hardship or adversity that you have encountered that may have challenged your education. (up to 300 words)

3. A resume detailing, at a minimum, accomplishments, work experience, and community involvement. (Submit with on-line application).

4. An official, certified high school transcript of completed courses and grades (Submit with on-line application).

5. Test scores: SAT or ACT scores from the testing center. (AFCEA Central Maryland is not listed as a site that scores can be sent to. Scan the report you receive and submit it with the on-line application). Be sure that the report has your full name on it.

6. Two letters of recommendation: one letter must be from an academic person (i.e., a school official – teacher, principal) and the second letter must be from a non-academic person (i.e., a person outside of school – clergy, a person you work/intern for, a volunteer leader, a coach). Letters from school counselors are not acceptable. Letters should be specific to this scholarship and not be letters that are for entry to a university or college. Provide the names of the two people that will be your recommenders and their email addresses. The online application (https://afcea.eformsolutions.com) will send them an email asking them to upload a letter. You cannot submit your application until both letters of recommendation have been uploaded.

All interested students must submit their completed applications online by January 16, 2023.
